

User Guide

Introduction

KD Academy is a comprehensive e-learning platform designed to streamline academic processes such as course registration, attendance management, and grading. This user manual provides a step-by-step guide to assist students, lecturers, and administrators in using the system efficiently.

Admin Guide

Admins play a crucial role in managing the KD Academy platform. Below are the key functionalities available to administrators:

Creating User Accounts:

- Navigate to the "User" tab in the admin dashboard.
- Select "Create User" and fill in the necessary details, such as name, email, and role (student or lecturer).
- Click "Save" to generate login credentials for the user.

Managing Courses:

- Go to the "Course Management" section.
- Add a new course by providing the course name, description, and schedule.
- Edit or delete existing courses as needed.

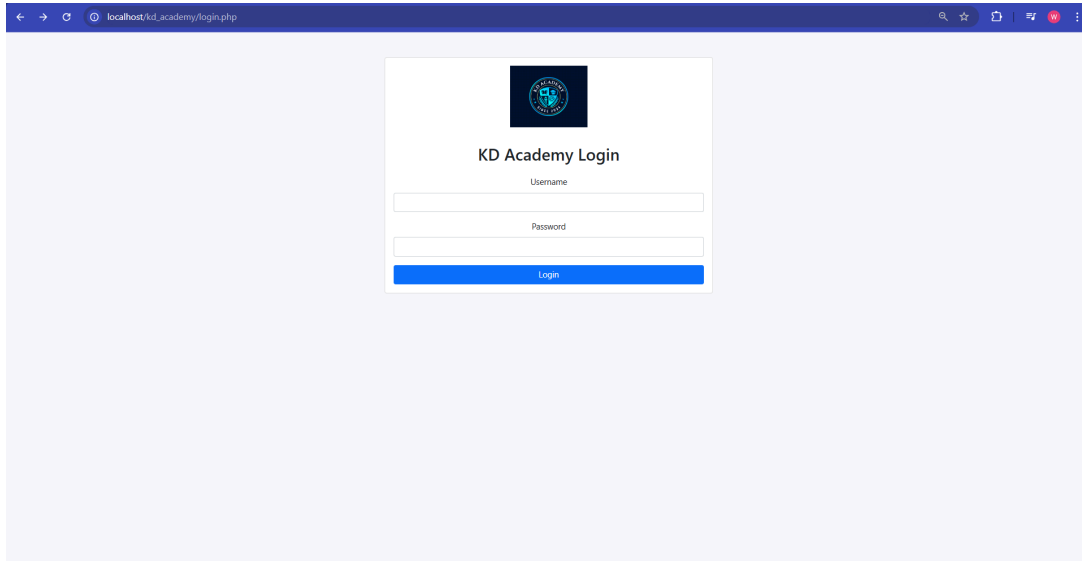

Administrative Actions:

- Generate reports on attendance, grades, and course participation.
- Reset user passwords when requested.
- Determine privileges for each users.

Student Guide

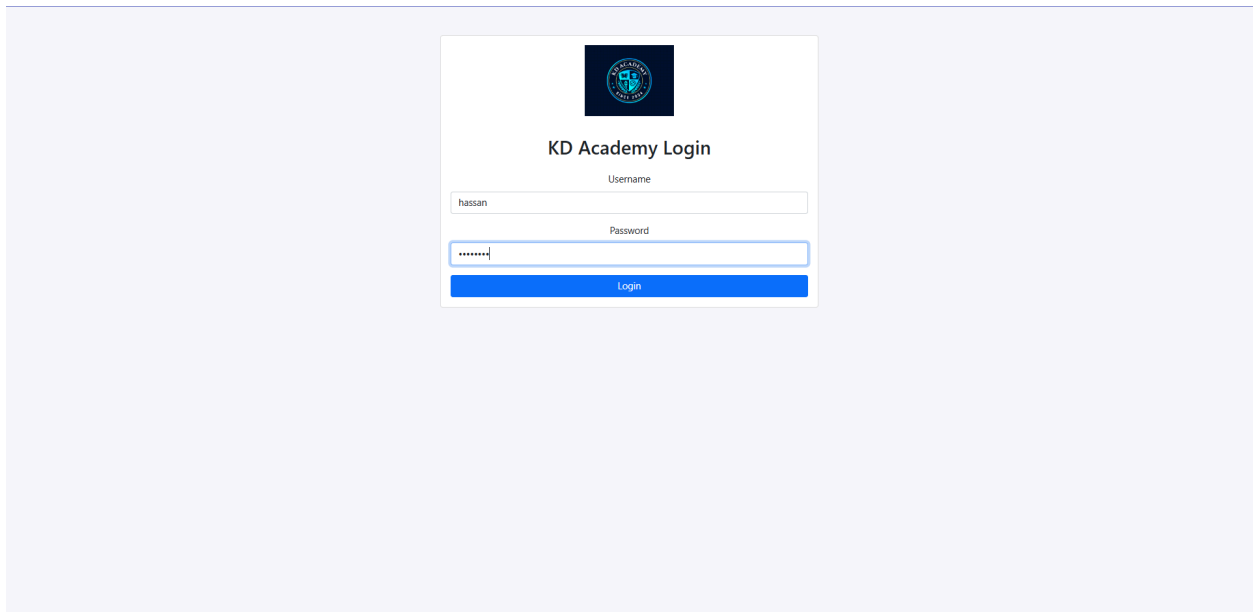

Login Manual

Step1: Open the KD Academy Login using the localhost using “http://localhost/kd_academy/login.php” as follow:

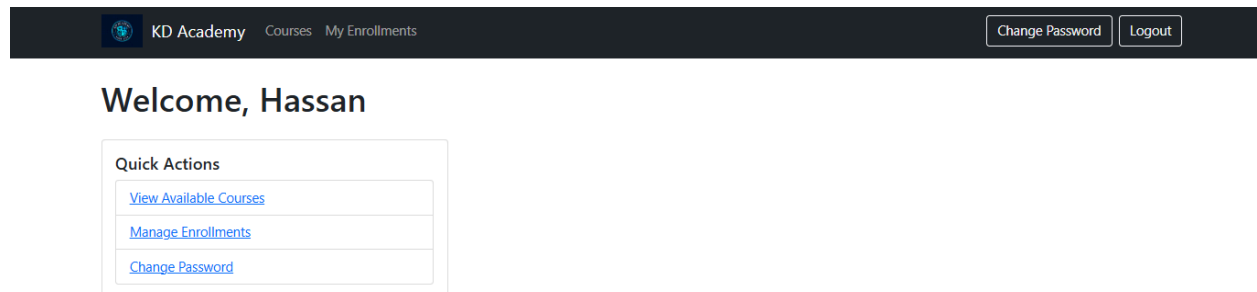

A screenshot of a web browser displaying the KD Academy Login page. The browser's address bar shows the URL `localhost/kd_academy/login.php`. The login form is centered on the page and includes the KD Academy logo at the top. Below the logo, the text "KD Academy Login" is displayed. The form contains two input fields: "Username" and "Password". The "Username" field is empty, and the "Password" field is also empty. A blue "Login" button is positioned below the password field.

Step2: Log in to the KD Academy Login using the username and Password provided by the Admin team.

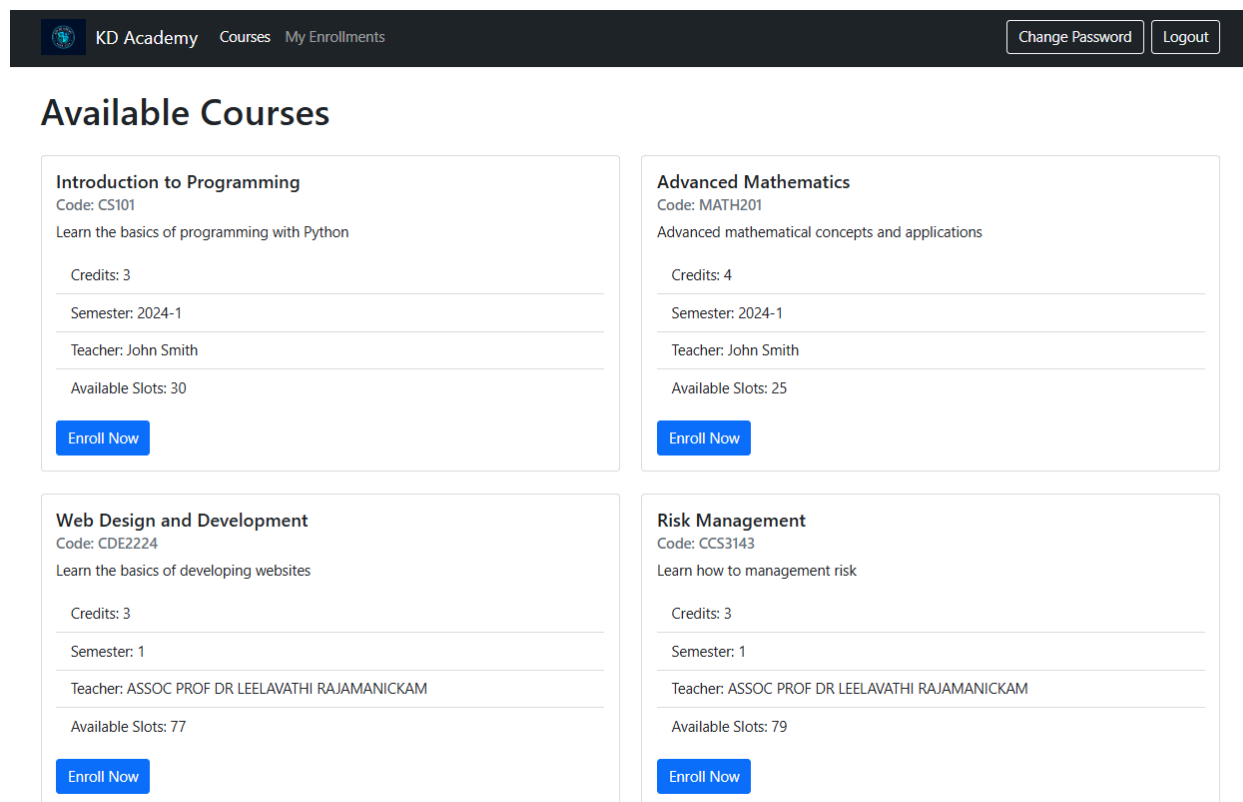

A screenshot of the KD Academy Login page, showing the same form as in the previous image. The "Username" field now contains the text "hassan". The "Password" field contains a series of dots, indicating that the password has been entered but is masked. The blue "Login" button remains at the bottom of the form.

Step3: After logging inside, you will see the dashboard of the website. In the first page you can see the available courses to register and below that you can see which courses you have already enrolled. In the last section you can also change the password. More over in the navigation bar, you can choose to logout by clicking ‘Logout’ button.

Course Enrollments

Step1: Select the ‘Courses’ tab on the navigation bar. Then, you will see the available Courses that are offering. Chose the course you want to enroll by clicking the ‘Enroll Now’ button in the bottom of each course.

Step2: After you press ‘Enroll now’ you will be redirected to the ‘My Enrollments’ to check the status of the courses you enroll. Moreover, you can check what courses you enrolled for this

semester inside this ‘My Enrollments’ tab. In the picture shown below, you can see that one of your enrolled course is Pending for the lecturer to ‘Accept’ or ‘Reject’.
